29385GE1

Deluxe Speakerphone with Call-Waiting Caller ID[1]

Features	Benefits
10-Number Memory Plus 3 One-Touch Emergency Numbers with Convenient Memory Index	Speeds dialing of frequently used numbers. Memory index is a paper template for keeping track of numbers stored in memory.
Call-Waiting Caller ID[1] with 75 Name-and-Number Memory	Display shows name and/or number of person calling even if you're on the phone with another caller. Memory holds information for up to 75 calls.
Full Performance Speakerphone with Hands-Free dialing and Auto-Transfer to Handset	Dial out of memory or keypad without picking up the handset. Lifting handset automatically transfers call to handset.
Mute Function	Caller cannot hear private side conversation when Mute is activated.
One-Touch Redial	Quickly redials the last number dialed.
Hearing Aid Compatible	Allows people with hearing aids to use phone.
Flash Function	Flash allows access to suscription services like 3-Way calling.
